

# MICROSOFT CLOUD STRATEGY SESSION WITH PLANET TECHNOLOGIES

**1/2 day session with Senior Microsoft Subject Matter Expert designed to help you make the right decisions for your cloud planning.**

Planet has helped guide more than 3,000,000 public sector users to the Microsoft Cloud. We are a Microsoft Azure Managed Service Provider, ISO 9001:2008 Certified, and Ten-Time Microsoft Partner of the Year. Let the experts at Planet provide additional guidance as you develop your journey to the Microsoft Cloud.

## BOB BALLARD

Planet Executive and Former Chief Cloud Strategist for Microsoft Corporation

### You have questions such as:

- Which part of my business do I move to the Cloud?
- Which service-IaaS, PaaS or SaaS-is best for my organization?
- Where does CRM Online, Azure and Office 365 come into play and how?
- What are the next steps?

### Microsoft Cloud Strategy Session Overview

- I. **Current State Discovery and Assessment**  
Microsoft Licensing, Technical & Business Drivers Analysis
- II. **Technology Description and Roadmap**  
Filling in any knowledge gaps in the Cloud platform
- III. **Priority Mapping**  
Help assess business drivers vs. technology challenges
- VI. **Results and Next Steps Guidance**  
Deliverable of recommended actions based on experience and best practice

*"Planet's dominant theoretical and applied experience of cloud migrations means that we can guarantee a smoother transition to the cloud. The Microsoft Cloud Strategy Session gives clients the information needed to modernize their datacenter while leveraging your existing and future Microsoft investments."*
