Protect Yourself and Your Organization with Planet's Compliance Advantage Service

Compliance Advantage is a flexible ongoing governance, risk management, and compliance support service that includes prompt response to your compliance issues, standard packaging, and a la carte pricing. The compliance and regulatory landscape can be daunting; let Planet help prove you are providing security and managing risk for your protected and/or valuable data in all phases of operations.

Security versus Compliance

- > Security is doing what needs to be done to protect the confidentiality, integrity, and availability of protected and/or valuable data
- > Compliance is about being able to prove security on a recurring and continuous basis

Compliance Advantage a la carte options include:

Assessments

Review & Gap Analysis of policies, people, processes, and technology(ies) (e.g., CMMC L1/L2/L3, 800-171/53, HIPAA)

Compliance Questions

Ask Us Anything

Policies, Plans, Procedures, & Plan of Actions and Milestones (POAM) Review and Update

Planet will review and update/augment some to all of the System Security Plan, Incident Response plan, Continuity of Operations Plan, Change/Configuration Management Plan.

Guided Execution of Microsoft Purview

A You Already Own It Governance Risk Compliance (GRC) offering (and more) — learn how to use it (better). Three levels of support for over-the-shoulder learning how to use Purview and all of its components. One time service levels are available at Bronze (20 hours), Silver (40 hours), and Gold (80 hours).

Regulatory Updates & Table Top Exercises

Notification of regulatory updates and alerts.

Compliance as a Service (CaaS) Subscription

Three levels of support per month (Bronze, Silver, Gold) available, clients can 'spend' the subscribed 'hours' on any of the available choices within the Compliance offerings catalog.
