

O365 Advantage

Unleash the Power of Microsoft 365

Over 200 Microsoft Experts & Cloud Strategists

Over 5 million Office 365 Government Users Supported

4 Time Microsoft Cloud Partner of the Year

Premier Tech Support

Take full advantage of M365 with Planet's **O365 Advantage Service**

Sustainable Operations

Whether you're challenged with identifying or retaining the right resources for your business. Planet has you covered with addressing your L1-L3 support needs, M365 issue resolution, driving Microsoft Premier Support escalations & more.

Strategic Technical Advisor

Align the capabilities of M365 with your organizational strategies. We ensure you get the most out your investment, providing access to industry professionals who are equipped with the knowledge & skills to help you when needed.

Workforce Development

As companies move to the cloud they face the challenge where lack of knowledge leads to difficult adoption, preventing their teams from understanding and unlocking the full potential of Microsoft cloud capabilities for their organization. Leverage O365 Advantage to up-skill your internal IT teams as needed.

Security

M365 is a secure and robust platform with more than 1,000 security and privacy controls. Planets experts conduct regular Office 365 health checks to detect and eliminate performance and security bottlenecks.

Service Level Agreements

Competitive and reliable SLA response time to ensure critical business support when needed. **#experiencematters.**
