

Start Your Journey with Planet's Zero Trust Program

Cybersecurity is a business challenge, not a technical problem.

The Planet Zero Trust Enterprise Cloud Readiness program uniquely blends needs assessment, workforce education and tool selection with a pinpoint focus on operationalizing cybersecurity.

Enterprise Cloud Readiness

- ✓ Planning and Discovery
- ✓ Educate and Evaluate
- ✓ Deliver a Plan

Rapid Modernization Program (RAMP)

- ✓ Prioritize
- ✓ Plan into Action

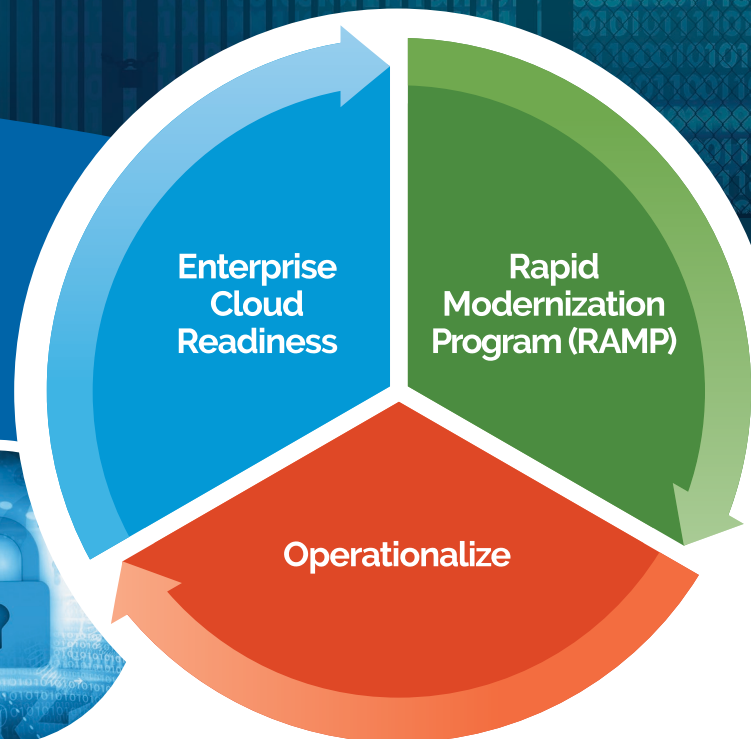

Operationalize

- ✓ Develop your Ops Plan
- ✓ Educate your Ops Team
- ✓ Refine your Dashboards and tools
- ✓ Establish clear roles and responsibilities

Your journey can be customized to fit your needs!

Many consultancies and technologists are hyper-focused on security tools that are implemented... and then what? What does it mean? How does it work, who is responsible?

Planet's approach is much different.

Step 1: Get Started with Planet's Zero Trust Enterprise Cloud Readiness Program

Zero Trust ECR Engagement Overview

Foundation session leveraging the following tools to facilitate a consistent definition around a Zero Trust mindset.

- > Planet's Zero Trust Manifesto White Paper
- > Planet's Unique Zero Trust Scorecard Tool
- > The Open Group's 11 Zero Trust Principles
- > Microsoft Cybersecurity Reference Architecture (MCRA)
- > NIST Risk Management Framework, NIST 800-27 controls, and NIST Cybersecurity Framework (CSF)

Up to 10 Zero Trust Security deep dive sessions into the six domains of Zero Trust Security. During these sessions, Planet will gain an understanding of the client's existing environment, current toolsets, and security operation's workflow to create a custom strategy to operationalize the customer's Zero Trust Domains.

Six Domains of Zero Trust Security

- > Identity
- > Infrastructure
- > Devices
- > Data
- > Network
- > Applications

Project Completion:

- > Planet's unique evaluation system will quantitatively evaluate the customer's current Zero Trust maturity across 40+ data points.
- > Planet will develop a roadmap to deepen the organization's Zero Trust Maturity and raise the organizational security posture to a higher level.
- > Deliverables:
 - Zero Trust Executive Summary
 - Zero Trust Maturity Scorecard
 - Zero Trust Rapid Modernization Program (RaMP) Recommendations
